[Apply Now](#)

Company: KPMG

Location: Belgium

Category: computer-and-mathematical

Position description

Job title

(Senior) Advisor SAP Security & SAP GRC

Function

Advisory - Senior Advisor

Roles & Responsibilities

Do you consider a career at KPMG? Here's what we have to offer for our talent:

A corporate culture in which personal growth, mutual trust and lifelong learning are being fostered.

An inclusive workspace that encourages diversity and pursues mutual respect for each other's beliefs and background.

Professional experiences in an international and dynamic working environment with inspiring colleagues.

Flexible, hybrid work arrangements to enable working on different locations: home office, on-site or on the go.

A wide range of teambuilding activities and social events that enable new joiners to meet colleagues within the wider KPMG community and have some fun along the way.

Location

Zaventem HQ

Skills & Qualifications

You have a Master degree (or Bachelor and equivalent by experience).

You have minimum 2 years of experience in any of the following areas: IT Audit, SOX IT

Knowledge of SAP Security Concept across different systems/landscape

Knowledge and understanding of risks and controls

Implementation knowledge of SAP GRC or similar solutions is a plus.

You stay informed about new developments in advisory services capabilities and industry knowledge.

You quickly understand the client environment and identify client business requirements.

You are a functional, analytical, team-player, proactive, highly committed and have a problem-solving mindset.

You work independently as well as in project teams and you take ownership and responsibility.

You are fluent in English and Dutch/French.

We offer

As our team continues to grow, we are looking for a driven (Senior) Advisor in the area of SAP Security and/or SAP GRC.

You will assist clients in the design, setup and implementation of their SAP Authorization concept in SAP ECC or in SAP S/4.

You will assist clients in setting up tools (such as SAP GRC) for monitoring Segregation-of-Duty conflicts

You will assist clients in their S/4 Hana migration projects by advising them on their SAP authorization strategy and assessing the impact on their risks and controls.

You will build and manage excellent client relationships across a range of clients.

You will develop an internal network and maintain excellent relationships with colleagues

across KPMG.

You will coach/supervise and train team members to grow the SAP Security knowledgebase of the team.

You demonstrate hands-on experience with deep technical capabilities and professional knowledge.
