[Your responsibilities](#)

[Your profile](#)

[Our offer](#)

As a QHSE engineer you will have a variety of tasks such as assisting the project and tender departments to make our projects as safe as possible.

You'll be responsible for updating and maintaining our management systems, setting up QHSE campaigns, taking part in incident investigations, risk assessments and audits.

You support in different topics: support, training, systems, behavioral change, cultural projects, different standards, and other departments.

You will be responsible for safety support on HQ regarding warehouse, logistics, cargo securing, heavy lifting,...)

Evaluation of our risk management training

Depending on your interests, knowledge and approach you get assigned certain processes assigned to you.

You hold a bachelor or master's degree in engineering and/or QHSE related studies such as safety science.

Experience in the field of QHSE and/or safety management systems is a plus but not required.

You have an analytical mind and are able to work accurately.

You are service minded and a good communicator.

You are fluent, both written and verbal, in English. Dutch is a big plus.

You are prepared to work in our HQ in Belgium and are prepared to travel for short assignments.

You get energy from working with processes and organizing systems.

You're looking for an all round position where you can focus on the support of lots of QHSE related matters in all of DEME.

No two days the same With projects all over the world across multiple sectors, there's always something new to add to our 140 years of know-how.

Awesome colleagues: An amazing, international team fully dedicated to exploring new horizons, together.

An environment where you can flourish: The perfect combination of **freedom** to make the role your own and **collaborative, supportive teamwork**.

Continuous development: a training pathway that allows you to develop yourself personally and professionally.

Exploration The opportunity to develop and explore your own horizons with locations across the globe.

An extensive mobility program for **healthy work-life balance**

A **people-oriented environment** with an interactive health program and a focus on employee wellbeing.
