Overview

About Analysis Group

Analysis Group is one of the largest international economics consulting firms, with more than 1,200 professionals across 14 offices in Europe, North America, and Asia. For over 30 years, we have provided expertise in economics, finance, health care analytics, and strategy to leading law firms, Fortune Global 500 companies, and government agencies worldwide. Our internal experts, together with our network of affiliated experts from academia, industry, and government, offer our clients exceptional breadth and depth of expertise.

We have a broad range of expertise and collaborate with leading academics to offer cutting-edge analyses and analytical tools to address business challenges that require rigorous, evidence-based research. We assist leading law firms in many different litigation contexts, including finance, antitrust, intellectual property and commercial damages. We advise corporate and government clients on a range of business issues that require expert interpretation of economic and financial data, including valuation of companies, and assets, securities and financial instruments and transfer pricing issues, cost-effectiveness analyses, market analyses, and evaluation of mergers and acquisitions.

About the Analyst Intern Position:

We seek master's students with quantitative research experience working towards a degree in economics, econometrics, statistics, finance, mathematics, physics, epidemiology or a related subject who are passionate about using data and analytics to solve the economic, financial, and business challenges our clients face. Analyst Interns in the Brussels office will

be part of a local team of diverse background and have the opportunity to collaborate other offices in London, Paris, Montreal, Boston, Chicago, Dallas, Denver, Los Angeles, Menlo Park, New York, San Francisco, Washington DC and Beijing. As an Intern Analyst, you will have direct impact on casework in various practice areas and industries from the first day of your internship. The opportunity will give you a sense of what it is like to be an economic consultant at Analysis Group.

The areas of learning may include:

Analyzing economic, financial, and healthcare data using statistical programs such as R, Stata and other programs

Developing data analyses using statistical methods and analytical tools including econometric estimation of models, survival analysis, and machine learning

Creating dynamic visualizations to rapidly explore data and models

Examining market and industry behavior through targeted research

Reviewing and summarizing academic papers, reports and client documents

Analysis Group fosters a progressive and academically oriented work environment, with an emphasis on teamwork and collaboration across diverse areas of expertise. Specifically, we seek candidates who have:

A strong interest in applying quantitative methods to real-world research problems

Experience and a strong interest in statistical programming

Strong interpersonal and communication skills

Excellent command of English

When submitting your CV, please include an unofficial transcript and a cover letter. In your cover letter, please share the period in which you are available.

The duration of the internship is flexible. This is a paid internship.

The personal data provided during your application are processed by Analysis Group for the purpose of managing candidates for employment, for a period of 4 weeks from the

transmission of the application, and then for a period of one year from any refusal.

As such, Analysis Group is likely to inform you for a period of one year of future opportunities that may be of interest to you. The processed data will not be communicated to third parties other than group companies. The processing of your personal data is necessary for the execution of the pre-contractual measures taken at your request, in that Analysis Group cannot process your application without this data.

In the event of a violation of your rights, you can also file a complaint with the Belgian data protection authority.
