

BIM Coördinator

[Apply Now](#)

Company: DEME Group

Location: Belgium

Category: other-general

Summary

As BIM Coordinator you are part of the BIM cell serving the whole project team responsible for the design and realization of a complex multidisciplinary project. You are active both in design and execution phase. You will work as part of a team and work out the technical aspects of the project by coordinating modelers both close by and remotely. Looks interesting? Then this position might be for you!

[Your responsibilities](#)

[Your profile](#)

Correct and timely communication with various construction partners is of great importance;

You are responsible for coordinating multidisciplinary BIM models (Civil, infrastructure and earthwork) in close cooperation with the technical project management;

You are responsible for partially modeling yourself and managing a modeling team to prepare multidisciplinary BIM models both during design and for execution purposes;

You perform quality control and clash detection on delivered models and report to the project team;

You perform quality control on demand and report these to the project team;

You personally comply with the agreements drawn up in the BIM protocol and BIM execution plan and check for compliance by the others in the teams.

You are an internal ambassador in the company to spread knowledge within the organization and generate support among colleagues of all disciplines;

You report to the BIM manager.

You have a higher education in Science, Technology, Engineering or Mathematics.

Relevant work experience is a plus;

You have a good knowledge of BIM and want to learn continuously;

You are familiar with common data, environment software, Navisworks and modelling software such as Civil 3D;

You have an interest in complex infrastructure works.

You are creative and think about possible optimizations in the BIM process but also in the search for alternative BIM technical solutions;

You are communicatively strong, have good spatial insight and work accurately;

You strive to convey your enthusiasm for the subject matter to your colleagues;

You have a very good knowledge of spoken and written English. Knowledge of Dutch is a big plus;

You will have the opportunity to work on project sites, at our headquarters in Zwijndrecht and from home.
