

Business Analyst

[Apply Now](#)

Company: DEME Group

Location: Belgium

Category: computer-and-mathematical

Summary

At DEME, our business thrives on optimized systems, processes and digital tools that drive operational excellence and success. We are constantly exploring new opportunities where digital solutions can make a significant difference. To accomplish this, we are seeking talented business analysts who can shape the use cases, capture the user's needs and create intuitive systems and processes that deliver results. As a member of our team, you will contribute to various improvement projects within DEME.

Joining DEME opens doors to exciting opportunities, allowing you to further develop yourself, make a meaningful impact and a place where your contributions matter.

The domains where improvements are needed are broad: HR, Finance, Procurement and Logistics, HSE, Asset Management or general Operations and can be depending on past experience and preference.

Join us today as a Business Analyst at DEME and make a significant impact on our business. Develop yourself in an inspiring work environment where your contributions truly matter!

Your responsibilities

Your profile

Our offer

Identify new opportunities for improvement by analyzing business processes, information and by actively listening to the needs of the business.

Facilitate discussion among stakeholders to gather information, use cases, etc.

Define use cases for digital solutions (such as tools, systems, processes) and articulate how they contribute to provide tangible benefits for the business and its users.

Develop new or optimized processes and define solution requirements based on information and user input.

Collaborate with a multidisciplinary team to deliver digital business solutions.

You possess excellent interpersonal skills, enjoy interacting with people, actively listen and have good communication skills.

You are enthusiastic, have a positive mindset and inspire your colleagues.

You put the user / customer first and have a high level of service-mindedness while maintaining critical thinking abilities.

You excel in structuring processes and simplifying complex problems into understandable solutions.

You have an analytical mindset and arrive step by step to a solution, validating the assumptions along the way.

You have several years of experience as a business analyst or in a similar role.

You are a quick learner and can probe for details, even in unfamiliar domains.

You have experience or affinity with working in agile teams.

You are a collaborative team player who values teamwork.

You possess strong business acumen and can differentiate key success factors from details.

An extensive mobility program for a healthy work-life balance.

A permanent training track which allows you to develop yourself personally and professionally.

A stimulating, innovative workplace with numerous growth opportunities.

A people-oriented environment with an interactive health program and a focus on employee wellbeing.

WHERE NEXT?

Contract Manager

Als ervaren contractmanager binnen TM ROCO maak je deel uit van de dienst Contractmanagement. Zo sta je in, in overleg en in samenwerking met het contractmanagement team, voor het opvolgen van het naleven van alle contractuele aspecten rondom het project. Werken als contractmanager bij TM ROCO kenmerkt zich

door de diversiteit aan (deel)projecten, mensen, vraagstukken en problematiek. Je bent adviseur, onderhandelaar, beslisser en probleemoplosser in één. Dit vereist een optimale communicatie met de verscheidene diensten en teams binnen de organisatie van TM ROCO, evenals een correcte communicatie naar onderaannemers en de klant toe.

Geotechnical Engineer

As a Geotechnical Engineer, you will focus on a wide variety of challenges supporting our cable installation business unit on offshore windfarms. Your challenges will extend from multi-disciplinary cable route engineering to cable burial studies and managing complex soil datasets. You will be responsible for sound and expert output to support our project and tender teams or work on one of our many R&D projects.

The engineering department in Breda consists of approximately 30 employees. You will work in an international team of 8 Hydraulic and Geotechnical engineers. As a geotechnical engineer you will support our commercial and project teams by providing, amongst other things,

expert advice on cable protection strategies and cable route design. Together with the team, you will help our society transition to a sustainable future.
