For one of our clients, a reputed **Collection Company**, we are looking for a dynamic and results-driven **Business Controller**.

As the Business Controller, you will play a crucial role in **driving financial efficiency** and providing strategic insights to enhance the company's performance and achieve its objectives.

Responsibilities:

Conduct thorough **financial analysis and reporting**, monitor key performance indicators (KPIs), and present regular reports to management. Provide insightful recommendations to improve financial performance and optimize collection strategies.

Collaborate with various departments to **develop accurate budgets and forecasts**. Track budgetary adherence and variances, and assist in implementing cost-control measures.

Contribute to the development of the **company's long-term financial plans and strategic initiatives**.

Develop and maintain a comprehensive set of **performance metrics and dashboards** to track and measure the collection company's progress against financial and operational goals.

Support internal and external audit processes to ensure accuracy and compliance.

Profile:

Degree in Finance, Accounting, Business, or a related field.

Proven experience as a Business Controller, Financial Analyst, or similar role in the finance industry, preferably within a collection company or financial services sector.

Strong analytical skills and a deep understanding of financial modeling, forecasting, and risk management.

Demonstrated ability to **work collaboratively in a team environment** and lead financial initiatives.

Fluent in **French**, the knowledge of Dutch and English would be a strong asset.
