

Business Controller for a leader in aviation solutions

[Apply Now](#)

Company: Kingsley

Location: Belgium

Category: computer-and-mathematical

Are you looking to join a company passionate about aviation and dedicated to its success?

Our client, a global leader in aviation solutions for both civilian and military operators, fits that description perfectly. It stands out with its unique and innovative solutions meeting the regular and complex needs of the aviation industry.

We seek a self-motivated **Business Controller (NL/EN)**. This full-time position will be located in Zaventem.

What's in it for you :

Contribute actively to achieving shared goals within the organization

Become a part of a passionate team

Enjoy a competitive salary package and personalized growth opportunities tailored to your skills and aspirations

Your role and responsibilities :

Active involvement in enhancing financial and business reporting processes

Participation in annual budgeting and monthly actuals tracking

Monitoring production KPIs

Assisting in preparing annual financial accounts and facilitating audits

Understanding and challenging monthly results to stakeholders and management

The perfect profile :

Holds a Master's degree in finance or economics

Possesses 2-3 years of relevant experience within a Big 4 firm

Experienced in industrial controlling

Demonstrates strong financial skills, including knowledge of general accounting principles, cost accounting and financial analysis

Proficient in MS Office (particularly Excel) ; ideally familiar with reporting tools like Power BI and SAP

Fluents in Dutch and English, proficiency in French is a plus

Exhibits flexibility, open-mindedness and the ability to work both independently and as part of a team

Ready to take on the challenge? Apply now and be a key player in our collective success!
