

C++ Software Architect

[Apply Now](#)

Company: OMP

Location: Belgium

Category: computer-and-mathematical

Your challenge

>

Your team

As a Software Architect, you'll join the Software Development team, as part of the Product Development organization. Product Development consists of specialized teams that focus on a specific domain such as demand and supply planning, user experience, data science, integration, solvers, and more. These teams drive our product road map, share OMP's vision and expertise and create smart, robust, and scalable software solutions that solve our customers' complex supply chain planning challenges.

Your profile

We are looking for someone who meets the following qualifications:

A Bachelor's, Master's, or PhD degree in Computer Science, Engineering, Mathematics, or another relevant field.

At least 5 years of work experience in designing and building software applications.

Proficiency with at least one relevant technology (C++, C#, Javascript, OPAL, etc.).

A conceptual, generalist knowledge of different technologies and the curiosity to stay up to date with various technology stacks.

Good communication skills.

Excellent collaboration skills.

Pride in the high-quality software you design.

Bonus points if you have:

Relevant experience in cloud-native technologies, streaming frameworks, service-oriented architecture, and API development.

Experience with working in remote teams.

Knowledge about testing systems.

But most of all, you are fun to work with and a great team player!

Soft skills

Conceptual creative thinker Communicative Team player in a global context Passionate

Taking ownership of your work Leadership skills Generalist

Hard skills

Solid theoretical and practical background in software and architecture design

Language skills

Required:

English

A plus:

Any other language

Your future

At OMP, we're eager to find your best career fit. Our talent management program supports your personal development and empowers you to build a career in line with your ambitions.

Many of our team members who start as a software architect grow into the role of product architect or software expert.

Our offer

At OMP, we offer more than just a job. We put people first and inspire you to become the best version of yourself.
