Company: ACODEV

Location: Belgium

Category: other-general

Détails de l'annonce

Type d'emploi : **Stage**

Type de contrat : **Temps plein**

Fonction : **Informatique**

Date de publication : **05/04/2024**

Date limite **06/05/2024**

Profil

REQUIREMENTS

Education & Experience

Be currently a registered student in a higher education school or university

Bachelor's degree or equivalent in a relevant field such as Data Science, Statistics,

Environmental Science, Engineering, or related disciplines

Certificate or coursework in Data Analysis

Competencies

Proficiency in Power BI

Strong analytical skills with the ability to interpret complex datasets

Familiarity with environmental sustainability concepts and metrics preferred

Ability to work collaboratively in cross-functional teams and communicate effectively with

various stakeholders

Detail-oriented with excellent organizational skills

Knowledge of data collection methods and experience setting up automated data collection systems is advantageous

Languages

Fluency in written and spoken English

French is an asset

Description

CONTEXT

MSF recognises the medical and humanitarian consequences of climate change and environmental degradation and its contribution towards it. In 2021, the organisation pledged to reduce its carbon emissions by 50% by 2030 from a 2019 baseline. The 2019 carbon baseline helped us to quantify the various sources of greenhouse gas emissions for which MSF OCB is accountable and to guide the development of an Environmental Roadmap. The assessment outlines MSF OCB's carbon reduction commitments and explores its different activities to estimate the organisation's carbon emissions in 2019, aiming to give an overview of its global footprint. The report also presents a breakdown by country of intervention. The study proposes concrete monitoring and reporting recommendations in data collection and analysis to accurately track, improve, and institutionalise the carbon accounting exercise for the following years. In July 2023, OCB´s Environmental Roadmap was validated, aiming to reduce our environmental footprint and achieve our carbon and environmental degradation reduction targets. In parallel, as part of the environmental reduction commitment, in 2023 and 2024 MSF OCB allocated part of its income to implementing initiatives to reduce our carbon and environmental footprint to incentivize and scale-up current operational initiatives that need an investment boost to become a reality. Based on the commitments listed above and the implementation of the Environmental Roadmap the intern will focus on the improvement of the identification of training related flights follow up OCB´s carbon footprint.

MAIN RESPONSIBILITIES

Objective of the internship: Enhancing the identification of flights related to training

Identify the most suitable locations for upcoming trainings based on factors such as

accessibility, cost-effectiveness, and CO_2 emissions per EUR saved

Implement a system for tracking and analysing the impact of past travels by collecting invoice numbers or cross-referencing passenger names, training locations, and dates

Develop and implement a mechanism to automate the collection of training-related information, streamlining the process for future reference and analysis

CONDITIONS

Expected starting date: May 2024

Location*: Brussels (Belgium)

*Due to legal administrative constraints, candidates must already be resident in Belgium or have a residence right as student in Belgium or in the European Union allowing to move and study in the EU and with willingness to relocate in Belgium at their own costs

Position type: Internship (unpaid) - Registered student with mandatory internship under school/university convention

Internship duration: 3 to 4 months

Time allocation: preferably Full-time

Free canteen – 100% reimbursement for public transportation costs in Belgium

Adhere to the MSF principles and to our managerial values: Respect, Transparency, Integrity, Accountability, Trust and Empowerment

Adhere to the MSF Behavioral Commitments

Deadline for applications extended to: 6th of May 2024 How to apply? Please send your CV and cover letter to @ before 06/05/2024 and mention "**MSF CEH Intern**" in the subject of your email. **Only shortlisted candidates will be contacted.** MSF values **diversity** and is committed to create an inclusive working environment. We welcome applications from all qualified candidates regardless of disability, gender identity, marital or civil partnership status, race, color or ethnic and national origins, religion or belief, or sexual orientation. The protection of your personal data is important to MSF. By submitting your application, you consent to MSF using your personal data. For more information, consult our privacy notice to job applicants.
