

Clinical Operations Manager

[Apply Now](#)

Company: AL Solutions

Location: Melle

Category: other-general

Jordan Griffiths is managing a CRO client that requires a Project Manager/Operations Manager position. The role combines 60% Clinical Project Manager and 40% Operations Management responsibilities.

Responsibilities:

- Bear full responsibility for managing clinical trials including timelines, budget, quality, and compliance

- Coach and supervise project teams

- Ensure trials follow protocols, GCP, and regulations

- Manage CRA resourcing, training, skills development, and capacity planning

- Ensure monitoring activities meet quality standards

- Continuously improve processes

Requirements

- Life sciences degree; clinical research experience required

- Knowledge of GCP and regulatory requirements

- Excellent communication and leadership skills

- Organized and analytical problem-solver

Team player with a proactive attitude

Comfortable with ambiguity and distributed authority

Passionate about people and achieving outcomes

This position offers the opportunity to manage end-to-end clinical trials while developing talent on a motivated team. The role requires flexibility, collaboration, transparency, and a drive for continuous improvement.
