Our client, a well-established and reputable organization in the healthcare industry, is currently seeking a Clinical Project Manager to join their dynamic team in Leuven. With a strong name in the industry and a track record of success, our client is committed to hiring quality professionals and providing them with the necessary training and support to excel in their careers.

### Responsibilities:

- Oversee the overall delivery of clinical studies, ensuring the highest quality standards are met
- Act as the main point of contact for clients and study teams, building strong and collaborative relationships
- Develop study-related documents, including protocols, lab manuals, and client requisitions
- Attend and present at investigator meetings, contributing to the success of the studies.
- Participate in project start-up activities, such as protocol review and implementation, kit supply ordering, and coordination of lab materials
- Monitor project status through regular status reports and timeline documents, delivering timely completion of milestones
- Provide support to research clients and clinical sites, addressing any inquiries or issues that arise
- Occasionally handle biological samples, ensuring compliance with safety protocols

### Requirements:

- Minimum Bachelor's degree in science or a health-related field
- 1-3 years of clinical laboratory experience
- MT (ASCP) certification is preferred, showcasing your expertise in the field

#### Benefits:

- Comprehensive internal training programs: Our client believes in investing in their employees' professional development. As a Clinical Project Manager, you will have access to a wide range of internal training opportunities to expand your skills and knowledge
  - Stability and security: As a privately owned company, our client has no plans for a takeover or acquisition by competitors. This ensures long-term stability and security in your career
  - Recognition as a top workplace: Our client has been voted as one of the top workplaces for the last 5 years running, providing a positive and supportive work environment
- You will be working in the office in Leuven with some flexibility to work from home. Please make sure you are eligible to live and work in the country you are applying to as no sponsorship will be offered.
