[Apply Now](#)

Company: NonStop Consulting

Location: Belgium

Category: computer-and-mathematical

Are you an experienced scientist looking to further develop your skills and expertise in niche therapeutic areas? Our client is offering an excellent opportunity for a motivated individual to work closely with senior managers on various exciting projects. With a long-term contract of 1.5 years+, this role will provide stability and the chance to deepen your experience in clinical research within the pharmaceutical industry. Join a dynamic team where you can make a real impact and grow professionally.

Responsibilities:

- Responsible for oversight and quality implementation of clinical studies
- Collaborate with global partners to ensure data integrity and scientific input into responses
- Lead adjudication activities and contribute to completion of clinical study reports

Requirements:

- PhD in relevant field or PharmD/ MD with 2-4 years work experience, or Masters with 4-8 years work experience
- Experience supporting clinical studies, preferably in Phase II-III
- Leadership experience with a significant background in the pharmaceutical industry

Benefits:

- Opportunity to work with senior managers on cutting-edge projects
- Deepen your experience in niche therapeutic areas
- Long-term contract offering stability and growth opportunities

Apply now and become a part of this exciting journey!
