Cloud Developer

SAP, software development, some experience, developer Belgium share on

What is it that makes your developer heart beat faster? Developing killer apps? Or is it wowing customers with the possibilities of cloud solutions?

It's precisely this combination between technology and business that we at delaware like. Sure, SAP ByDesign is a great cloud solution for small and midsized businesses – but it takes a whole team of developers and consultants to make it fit the customer's wants and needs. And that's where we come in!

We're a small team of cloud-loving developers, and we've found ourselves a nice and cozy spot within the bigger SAP Development team at delaware. Are you a customer-oriented developer eager to learn about cloud and new tech? Then this job has your name written all over it!

Apply for Cloud Developer!

Thank you for your application.

We will get back in touch with you soon! Have a great day!

read our stories

What will you be doing as a Cloud Developer?

There's no possible way to describe our vibe (believe us, we've tried). Just come talk to Danny, our team lead, and you'll quickly understand why we like it here so much. Anyway, here's your to-do list:

First things first: you'll sit together with the customer and **put your thinking cap on**As our team only works for small and midsized businesses, we can really take the time to get to the root of their problem.

This means that sometimes, you'll have to find new ways to **translate customer requirements** into cloud solutions.

So yes, you'll **think outside of the box** inside the box, on top of the box – heck, why would you even need a box?

You'll **build a well-functioning solution**create templates and guide the customer through the entire process. In other words, you'll help us to create **best practices in ByDesign development.**

And yes, sometimes you will get stuck. Nothing keeps you from **discussing** with your colleagues. **Make suggestions**We won't bite (hard).

You'll squeeze a 6-week openSAP course into one and continue to brush up on your **skills**on the job. What better way to **learn**than to try it for yourself, right?

delaware has its offices in **Gent, Antwerpen, Wavre, Kortrijk, Liège and Lummen**As a Cloud Developer, you'll either work from one of these, surrounded by your colleagues, or meet with your customers **onsite**, who'll appreciate the close cooperation. We'll make sure to save you a seat!

Do you have what it takes to become a delaware Cloud Developer?

How does '**cloud-native developer**' sound? Pretty decent job title, right? Whether you've ditched the training wheels a long time ago or you're just starting out in the development world, you're a true **cloud believer** .

What about '**consultant**'? We're looking for a **passionate business consultant**t heart, who also happens to like **developing**. Your technical background will be a great place to start.

How are your **coding skills**? Are you familiar with Object Oriented Programming or C++? We'll make sure to get you up to speed with a **SAP-specific language**

Bonus points if you've been working with **ERP** systems. Also, business knowledge and customer-facing skills are a definite plus!

Are you eager to **keep learning**? This motivation is what drives us!

On a scale from 'meh' to 'wow', how would you rate your **communicative skills**? You'll get in touch with both customers and colleagues on a daily basis, so you should be able to express yourself fluently in **English** and **Dutch** (or French).

It may sound like a cliché, but we're **more than just colleagues**. Programming Pals, Code Bros, Development Amigos, whatever you call it – we've got each other's back. So make sure to keep Friday free at noon, because Friday = **Fries Day** !

Want to discover more?

You can find out more about us on our website and blog. You can get a sense of what it's like to work for us there, but we're even nicer in real life!

Are you keen to help us grow our **SAP Development** team? Click the **Apply Now** button below and hopefully we'll get to meet each other soon!

Is there anything that we forgot to tell you? Do you have questions about this vacancy or in general? Please feel free to contact us by e-mail, we really want to hear from you!

jobs

SAP Development Lead

Matches: software development, SAP, developer, lot of experience

When was the last time you translated a business need into a technical solution that could change an entire organization? That's exactly what you'll do with us!

As a Senior SAP Development Lead at delaware, you truly understand what businesses need and how we can deliver it. You're eager to take the lead in transforming ideas into innovative solutions, guide customers through their move to SAP S/4 HANA, and add value to their business processes.

If development is in your DNA and you're ready to take on a leading role, then you may be the

Senior SAP Development Lead we're looking for.

Senior SAP Developer

Matches: software development, SAP, developer, some experience, lot of experience

When did you last build a solution that could change an entire organization? That's exactly what you'll do with us!

You're a **well-rounded SAP developer** who truly understands the 'business value' of coding. You're eager to unleash your programming skills on **innovative** projects, and look forward to guiding customers through their move to **SAP S/4 HANA** and add value to their business processes.

If you're just as passionate about code as we are, and you have a **strong sense of customer satisfaction** – we are, after all, consultants – then you may be the SAP Developer we're looking for.

WeCare about the next generation(s) at delaware

Caring is one of delaware's corner stones. Being a socially responsible company means that we, the #peopleofdelaware, try to leave the world a little better than we found it. delaware sponsors 'De Warmste Match' (first-class basketball), a legendary first home game of the Spurs (Kortrijk) against Okapi (Aalst) for the good cause Xplo vzw to provide children, young people, and their families with the extra opportunities they need in their daily lives. read more

Some roads lead back to delaware

Has your career always gone exactly the way you planned it? New opportunities cross our paths, and sometimes we grab them by the horns and explore new horizons. That can be a good thing, **saying goodbye when we know we will get closer to our best possible selves in another company, role or sector .**

After some time and a fresh perspective, however, people can find themselves **rekindling an old flame** and go back to a former employer. How does it feel, **returning to your ex**, and in what way do you **benefit from your experience outside company borders** ? Let's ask An-Sofie Hoedt and Tom Vandevelde, two #peopleofdelaware who decided to rejoin after having ventured off into a different job. read more

Our Salesforce consultants: a lean, mean and most of all passionate team

In , we welcomed Salesforce to the delaware offerings. Now evolved to a mature team within delaware, they combine the best of both worlds: the entrepreneurial & dynamic atmosphere of being the new kid on the block, while enjoying the support and security of delaware as a bigger consultancy firm. What else sets the Salesforce team apart? We asked Salesforce consultants Maïlys Renson and Maxime Raes. read more

perks of the job

your salary package

We offer **a competitive salary**, net allowance, company car, insurances, mobile phone with subscription and laptop. But what sets us apart is that you can co-define your package. For example, why not opt for an electric car or lease an (e-)bike?

let's innovate together!

In our view, innovation is everywhere: it's in the cutting-edge technologies we use for our customers, it's in the way we communicate and collaborate, it's top of mind whenever we think of novel solutions to customer challenges. Join us and innovate with customers in delaware's del20 innovation challenge. Or participate in one of our many **harvest & innovation** projects.

Best Possible You

Our **close leadership** is focused on qualitative over quantitative feedback. They have your back throughout the year and your whole career. We believe this is the best way to stay motivated and inspired. Simply to become **the best possible version of yourself**. We go for quality while keeping a close eye on quantity.

feel supported

Greatness is achieved by standing on the shoulders of giants. Our buddies assist starters while mentors provide longer-term career advice. Why not become a **buddy or mentor** yourself? Let a colleague stand on your shoulders and strive for greatness together.

training & development

The ideal consultant is a wonderful blend of **hard and soft skills** . But these skills need to

be nurtured with fresh insights, bright ideas, new ways of working and more. Whatever you need to grow, the **delaware Academy** has something in store for you. Decide for yourself out of 50+ learning programs which training is right for you.

you're in the driver's seat

While you can count on all #peopleofdelaware for support, we count on you to take **ownership** . We're convinced we'll all go further if we let the #peopleofdelaware decide the direction of their career. So come and co-define your training and career path and let's become smarter together.

celebrate together

#peopleofdelaware love to meet up regularly with colleagues at delaware events, team buildings, coffee chats, lunches and more. Because nothing's more important than **feeling connected**

flexible hours

Time is one of the most valuable assets each of us possess. Let's use it wisely. We believe the right **work-life balance** comprises working from home, the office, at the customer's site or any combination thereof. Let's co-define the right mix for you.

WeCare

And we know you do too! Our company values guide us in being a **socially responsible company**. It's part of our DNA. That's why so many #peopleofdelaware personally invest part of their time in good causes like WeForest, the Special Olympics or the children's education program `Fund Isaan´ in Thailand. How about you?
