

Consultant in Data Science

[Apply Now](#)

Company: Sia Partners

Location: Brussels

Category: computer-and-mathematical

Job Description

As a consultant in Data Science, you will be involved in transformation projects at our clients. You will execute project assignments in modelling and digital transformation (business/IT analysis and partial coding) environments with a good deal of business perspectives:

Machine learning, AI and statistics: developing predictive models of decision making (supervised and unsupervised learning algorithms, econometrics, forecasting, quantitative diagnosis,...)

Operational research : assistance in the design and implementation of constraint optimization solutions and simulation models

Big Data : Algorithmic knowledge for large and unstructured data processing

You will get the opportunity to actively contribute to Sia Partners' internal activities:

Development and reinforcement of our offer, by understanding and interpreting data science innovation and challenges

Business development, by contributing to need definition and participating in our commercial initiatives

Equipped with the entrepreneurial fibre, you are ready to cooperate in a fast growing

company.

In return, you can expect:

An international company that gives importance to diversity, inclusion, employee well-being and corporate social responsibilities actions.

A great working atmosphere with friendly and professional colleagues where innovation and entrepreneurship are encouraged

A personal development plan with a regular follow-up as well training opportunities to develop yourself

A competitive salary with great advantages, like mobility budget, hospital insurance, performance -related bonus,...

Qualifications

University Master Civil Engineer (applied mathematics, IT or similar)

0 to 3 years' experience as a consultant

Outstanding team player with great interpersonal and communication skills

Strong interest in data science and related sectors such as Energy and Finance

Analytical mind, exploring options and able to synthesize into conclusions

Dynamic, result oriented, rigorous and committed

Trilingual: French, Dutch and English

Prepared to participate in temporary assignments abroad

Additional Information

We are unable to provide a work permit for this position

Sia Partners is an equal opportunity employer. All aspects of employment, including hiring, promotion, remuneration, or discipline, are based solely on performance, competence, conduct, or business needs.
