

Consultant in Energy & Utilities

[Apply Now](#)

Company: Sia Partners

Location: Antwerp

Category: computer-and-mathematical

Job Description

Sia Partners is looking for bright and dynamic consultants committed to building relationships and delivering results. We are interested in people with good track records during their education and, preferably, with a first successful and relevant job experience. We believe in people we hire, so we encourage you to take up responsibility as fast as possible. Your personal growth is our goal.

As a business consultant, you will be involved in transformation projects at our clients. You will execute project assignments, including intelligent data structuring, data analysis, benchmarks, interviews, workshop animation, process mapping, functional specifications, etc. As fast as possible, you will take up team support roles. You will get the opportunity to contribute actively to our knowledge creation and exchange (workshops, publications, seminars,...) within the business units of the different industries we serve.

Equipped with the entrepreneurial fibre, you are ready to collaborate with us in a fast growing company.

Qualifications

University Master Civil Engineering or Business Engineering

0 to 3 years' experience as a consultant

Outstanding collaborative team player and good communication skills

Strong interest in Energy

Analytical mind, exploring options and able to synthesize into conclusions

Autonomous, dynamic, result oriented, rigorous and committed

Languages: Trilingual French, Dutch and English.

Prepared to participate in temporary assignments abroad (e.g. France, The Netherlands)

Additional Information

We are unable to provide a work permit for this position.

Sia Partners is an equal opportunity employer. All aspects of employment, including hiring, promotion, remuneration, or discipline, are based solely on performance, competence, conduct, or business needs.
