

Consultant Sustainability & Climate

[Apply Now](#)

Company: Sia Partners

Location: Brussels

Category: computer-and-mathematical

Job Description

Sia Partners is looking for bright and dynamic consultants willing to gain insight into a business consulting career and support our activities in regards to Climate. We are interested in people with good track records during their education, and a strong interest/experience in sustainable development.

As a business consultant, you will be involved in our internal projects. You will execute various assignments regarding our consulting for good approach: techno-economic studies, marketing, coordination and organisation, people & culture change, document analysis, benchmarks, data analysis, presentations, etc. You will get the opportunity to actively contribute to our knowledge creation and exchange (workshops, publications, etc.).

Equipped with the entrepreneurial fibre, you are ready to collaborate with us in a fast-growing company.

Qualifications

University Master Civil Engineering preferably or, Business Engineering, Economics, Management

Outstanding team player and good communication skills

Strong interest in sustainable subjects cross sectors

Analytical mind, exploring options and able to synthesize into conclusions

Autonomous, dynamic, result oriented, rigorous and committed

Trilingual: Dutch (mandatory), French, English

Additional Information

We are unable to provide a work permit for this position

Sia Partners is an equal opportunity employer. All aspects of employment, including hiring, promotion, remuneration, or discipline, are based solely on performance, competence, conduct, or business needs.
