Job Description

What's in it for you?

The opportunity to develop pioneering science in a young biotech company

Challenging and innovative work environment as part of a driven team

Competitive salary and benefits

An agile and fast paced environment

What your future may hold

Agomab is looking for an experienced Corporate Counsel to expand its legal team. The role will involve advising on corporate law issues, negotiating strategic transactions and handling corporate governance matters, as well as drafting and negotiating R&D contracts. You will report to the General Counsel. This is a fantastic opportunity to join a small team, work on transformative science, and take part in building an exciting, science-driven global company.

Key Responsibilities:

Advise on the company's financing activities, business development and strategic transactions

Prepare board and shareholder meetings and handle the corporate legal affairs of the Belgian and Spanish legal entities

Negotiate, draft and follow up on the execution of contracts typical for the life sciences industry, including confidentiality agreements, services agreements, research collaboration agreements and license agreements

Provide legal advice to the wider organization, including on HR, IP, privacy, competition and financial matters

Look for opportunities to improve the company's legal processes by using legal tech or legal operations solutions

Your skillset

You have a Belgian master's degree in law or a US JD degree

5+ years' experience in an international law firm and/or in-house environment working in corporate law

Interested in the life sciences industry; experience in an R&D biotech or pharma company is a plus

Excellent legal drafting skills

Strong commercial awareness and business sense, including the ability to provide pragmatic advice on contractual and legal risks

Excellent interpersonal skills and the ability to work flexibly and autonomously with a wide range of stakeholders

Your core values include high integrity and ethics

Fluent in English and Dutch; knowledge of Spanish would be a plus

Our Client

Agomab is a young and dynamic biotech company developing medicine for patients with inflammatory and fibrotic diseases, including Crohn's disease.
