

Coupa Consultant | Dynatos International

[Apply Now](#)

Company: Dynatos

Location: Belgium

Category: computer-and-mathematical

Do you want to work for one of the fastest-growing software solution providers in Europe? Want to be part of the success within an international and result-driven team? Are you looking for an executive position as a Coupa Source-to-Pay expert for a company where you can learn a lot, where technical innovation appeals to you, and where you will be responsible for your projects? Then this is the position for you! Become a Coupa consultant.

What are you going to do?

As a Coupa Consultant at Dynatos, your focus is the Source-to-Pay platform of **Coupa** .

You have an affinity with **Digital, Finance, Sourcing, Procurement, Automation, and IT** .

You will install and configure Coupa as a platform for customers who want to automate their Source-to-Pay or Purchase-to-Pay process. As an experienced consultant, you guide the customer in workshops to gain insights into the desired process of the customer, after which you set up the Coupa platform based on the exact requirements. Of course, you train the customer, supervise the testing from Dynatos and ensure a flawless transition to the go-live. You work together with a team of experienced consultants and developers. By implementing **Source-to-Pay solutions** such as **Coupa**, you help Dynatos grow and help our customers succeed.

You will work in an informal and enthusiastic team where drive, success, and fun are key.

We celebrate our successes!

Your work environment?

As part of the Dynatos Group, with more than 100 employees and offices in the Netherlands, Belgium, Germany, Spain, Norway, and Denmark, you will work from the

office in your specific region. There is an informal atmosphere where colleagues work in a close group.

Interested in the challenge? The profile below can help with that:

You have 2-5 years of experience as a Source-to-Pay consultant.

You know financial business processes in the Source-to-Pay domain.

Experience in analyzing existing business processes (with a preference for Source-to-Pay) of customers, advice on improvements, and setting up software accordingly.

You describe yourself as curious about innovations, proactive, independent, result-driven, and in for fun. You like to take the initiative.

You are a Team Player.

Good communication skills in English, more languages are also allowed.

You have a completed (HBO) Bachelor or (WO) Master in Business IT or Finance.

In your position, you report directly to the VP Operations of your specific region.

Curious about your colleagues? For example, you can contact , Gert-Jan Puper or Uriël Kun digitally. They like that.

Our offer

Working in an enthusiastic and driven team, where professionalism is paramount and humor is common.

Good working conditions, including 29 vacation days on a full-time basis. Attractive salary with bonus scheme.

Company car.

Training to develop yourself.

Team events with a sporting as well as a culinary character.
