

## Cyber Risk & Security Consultant f/m

[Apply Now](#)

Company: HeadMind Partners

Location: Brussels

Category: computer-and-mathematical

### What will you be doing?

Within a community of more than **300 experts** in France & Belgium, you will build your experience in one of the 5 largest firms specialising in Cybersecurity, a privileged partner of ANSSI (Agence Nationale de la Sécurité des Systèmes d'Information in France) and a founding member of the Cyber Campus. You will develop a recognised and technical expertise to support the security and digital risk management of companies in various sectors (military, industrial, financial, luxury, etc.).

**You will participate in research work to improve offensive tools (open source, AI, exploitation automation (BAS, specific developments)) and defence tools (open source, AI, SOAR, etc.).**

Through your assignments and training, you will develop skills and methodologies:  
Specific and detailed knowledge of the technologies used in the digital transformation:  
**cloud, Big Data, AI, IoT, 5G...**

**Identification of threats, tactics and cyber weapons**

**Mastery of protection and defence technologies** and ability to deploy them without limiting their use.

**Communication and collaboration** with IT and Business teams.

### Who are we looking for?

**A young diploma from a Top Engineering School (Master's degree)**

You are **curious** and enjoy working with clients.

You are **persistent** , **determined**, and have **astrong team spirit**

You have a good understanding of the fundamentals of cybersecurity in terms of audit methodologies (PASSI, ISO 27001/ISO 19011, OWASP, CIS20), and risk analysis methodologies (EBIOS RM, ISO 27005, etc.)

You are familiar with the main families of vulnerabilities, whether they are web, mobile, cloud, network, system, etc.

You carry out continuous monitoring of the main vulnerabilities (top 10 owasp, cve), cyber threats (espionage, ransomware, DDoS...) and the main protection tools (EDR, SIEM, IPS...)

### **HeadMind Partners' (ex-Beijaflore) strengths:**

A **digital strategy consulting firm** with 1,500 employees, operating in Paris, Brussels, Rio de Janeiro, Sao Paulo and New York.

A strong expertise in **Cybersecurity** and **Artificial Intelligence**

Strategic and high value-added assignments with **key accounts**

Teams driven by 3 strong commitments: **a caring work environment** **continuous learning** , **professional development opportunities**

A professional environment **certified Ecovadis, ISO 27001 & ISO 9001:2015** for the Cyber Risk & Security entity, recognised by its employees, trainees and candidates ( **Happy at Work, Trainees & Candidates** certification labels).
