

D365 CRM/CE consultant

[Apply Now](#)

Company: Roboest

Location: Kontich

Category: computer-and-mathematical

You will be responsible for the analysis and development of D365 CRM or CE solutions for our customers. You are very familiar with the D365 stack and know when to use the out-of-the-box functionalities and when to build custom extension. You aren't afraid to use Azure or low code to build custom hand-tailored solutions. Words like CI/CD and pipelines aren't new to you and you have used them in previous projects. You have hands on experience in a programming language like C#, JavaScript, Typescript, etc.

Experienced Dynamics 365 CE developer with a strong technical background of C#, Javascript/Typescript, Plugins, Power Platform, CRM SDK, Azure components (Azure Functions, Logic Apps, ...) among others.

Specific knowledge about D365 CE/CRM automatic deployment and CI/CD is an asset (Azure Devops/Github).

Hands-on experience with D365 Customer Engagement/ Dynamics CRM / Power Apps is required.

Hands-on experience with one or more of the following Dynamics CRM / CE modules is an asset: Customer Service, Field Service, Sales, Marketing.

Mastering following skills is a bonus: PCF controls, Power BI, SQL and Microsoft Fabric.

You like to have a nice variety between working from home, in the office or at a customer site and traveling to the customer is not a problem for you (we have offices in

Kontich, Gent and Kortrijk).

40-hour workweek: 20 holidays + ADV days

Phone subscription and internet @ home (€50/month)

Company car + fuel card Benelux / EU (for electric vehicles)

Meal vouchers (€8/day)

Group insurance & pension saving

Flexible work hours and workplace (50/50 home and onsite)

Free lunch available in the office (Gent/Kontich/Kortrijk)
