**Data Scientist F/M/X**

**Apply Now**

Company: Amaris Consulting

Location: Belgium

Category: computer-and-mathematical

## Job description

We are seeking a Data Scientist to join our dynamic team at Amaris Consulting in Belgium.
This is a unique opportunity for someone who is passionate about data and analytics, eager to
learn, and ready to contribute to the success of our clients.

**Your Responsibilities:**

Analyze large amounts of raw information to find patterns that will help improve our
company's decision-making process.

Create predictive models and machine-learning algorithms.

Combine models through ensemble modeling.

Present information using data visualization techniques.

Propose solutions and strategies to business challenges based on data analysis results.

Collaborate with engineering and product development teams on project design and
implementation tasks.

Maintain updated knowledge of industry trends, advancements, methodologies, tools,
etc., related to data science.

**Your Profile:**

The ideal candidate for this position is someone who has recently graduated or has some initial experience in the field of Data Science or a related discipline. We value individuals who are curious by nature, have strong problem-solving abilities, excellent communication skills along with a passion for turning complex datasets into actionable insights.

- A degree in Computer Science/Statistics/Mathematics/Data Science or any relevant field from an accredited institution.

- Familiarity with statistical software (e.g., R) and databases (SQL).

- Preliminary understanding of machine learning algorithms & principles (regression trees, neural networks etc.).

- Demonstrated ability in utilizing Python libraries such as Pandas, NumPy, and Scikit-learn.

- Strong problem-solving skills with an emphasis on product development.

- Excellent written and verbal communication skills for coordinating across teams.

- A drive to learn and master new technologies and techniques.

**Advantages:**

- An international learning environment

- Extensive training and certifications.

- A R&D laboratory where you can develop your skills on innovative projects.

- The opportunity to bring new ideas to develop a thriving business.

- Individual coaching and mentoring, as well as the chance to learn from experts for your professional and personal growth.

- An attractive, tailor-made, and evolving career path.

**We are an independent company that values:**

- Agility: thrive in a flexible, dynamic, and stimulating environment.

International scope: enjoy daily international exchanges and numerous mobility opportunities in over 60 countries.

Intrapreneurship: engage in related topics or develop your own Business Unit.

Attentive management: with a limited number of consultants, your manager will adapt to your profile and support you throughout your professional journey.

*Amaris Consulting is proud to be an equal-opportunity workplace. We are committed to promoting diversity within the workforce and creating an inclusive working environment. For this purpose, we welcome applications from all qualified candidates regardless of gender, sexual orientation, race, ethnicity, beliefs, age, marital status, disability, or other characteristics.*
