

Design Leader (M/F/X)

[Apply Now](#)

Company: Sonaca

Location: Belgium

Category: other-general

Description

Design Leader

Your mission :

As leader of a design team, you'll be in charge of the management of all design activities within a multidisciplinary project team, from conceptual design up to modifications in service.

You'll be responsible for the design deliverables issuance and their check (eg. digital mockup, design principles, GD&T analysis, bills of material, weight reports, design justification analysis, interface drawings, design data sets).

As team leader, you'll manage all activities delegated to designers (work preparation, technical advices / coaching, check of the deliverables, feedback) and you'll represent Sonaca for all design topics towards the OEM, the suppliers and/or the partners involved on the project

You'll also be accountable of the key performance indicators of your design team (on time delivery, first time right, on budget).

Your Profile :

- Master's degree in mechanical / Aerospace Engineering (or equivalent)
- Minimum 8 years of experience in design of aircraft structures, covering conceptual/preliminary/detailed design phases as well as modifications in service.

· Technical Skills:

P Deep knowledge in manufacturing technologies and materials (metallic and **composite**) used in aerospace industry.

P Deep knowledge in CAD and PLM softwares used in aerospace industry.

P Deep knowledge in Mechanical Design & Integration rules and CAD methodologies of minimum one commercial aircraft and/or business jet manufacturer (Airbus, Embraer, Dassault, Gulfstream, ...)

P Good understanding of loads and stresses in aircraft structures. Ability to manage preliminary design and its sizing.

P Autonomous in parts tolerancing and GD&T analysis.

· Important Soft skills:

P Creative, open and team spirit mind set,

P Ability to manage priorities and to work under pressure in a multi-tasks environment

P Ready to travel for one day meetings and/or missions up to several weeks for project preparation / preliminary design activities at OEM design office

P Critical thinking and problem-solving oriented

P High sense of commitment

P Leadership

P Flexibility

· Tools:

P CAD: Catia V5 (Generative Shape Design, Part & Assembly design, FTA, EHI, Sheet metal Aerospace) - Minimum 5000 Hrs experience is required

P PLM: Teamcenter

P Knowledge in one or more of softwares here after is an asset: NX, 3DCS, Windchill, SAMCEF, NASTRAN

P Microsoft office

· Language **good level in English is mandatory** (spoken & written). Speak of other European languages, and Portuguese especially, is an asset.

We offer you:

· A unique framework in a multi-disciplinary Project environment where passion and innovation are omnipresent;

· A company that follows values of openness, respect, innovation and teamwork for both its customers and its employees

· An attractive salary, extra-legal benefits and a training plan to help you develop your skills.
