

## Digital Content Officer

[Apply Now](#)

Company: Inxigma

Location: Bruxelles Ixelles

Category: other-general

Migration project from Sharepoint websites to new CMSAEM Main project = key Internal content platform aimed to one of our main distribution partner (digital magazine) to migrate from SP to AEM. Hundreds of existing articles pages in SP to implement in AEM before mid June 2024. It is important to recruit someone collaborative and motivated to be integrated in a business communication team with communications officers, copywriters and one digital content officer. Requirements Your profile: Academic background in digital communication, marketing, CMS management or similar background by experience. At least 2-5 years of relevant experience. Content implementation in Adobe Experience Manager (websites) (pages creation, display on HomePage). Reworking pictures size for banners, headers. AEM (website content management). Design tools (Canva, photoshop). Expertise in sharepoint a advantage (= as is CMS). CMS function. Experience in a CMS migration project is a big advantage. Experience in the insurance sector is an advantage. You speak fluent Dutch and French. Good knowledge of English is a plus.

1-3 years

Your profile Minimum 3 to 5 years of experience of experience in a similar role (Finance/Controlling in the insurance sector); preferential with 1 to 2 years of Actuarial experience Current active involvement on IFRS17 Dynamic, proactive and not afraid to take ownership Comfortable to foster a community of cross-functional working, across Actuarial, Accounting, Technical departments and exposure to Senior Management Strong team player able to cope with tight deadlines Advanced command of Excel and PowerPoint Fluent

in English, any other language would be considered an asset
