

## Electrical Project Engineer

[Apply Now](#)

Company: TMC

Location: Belgium

Category: computer-and-mathematical

As an Electrical/Project Engineer, you work on the electrical and control command studies of the project as well as do the follow-up of the manufacture and the commissioning of electrical and control cabinet in close collaboration with project managers as well as engineering and development teams.

You draw up the plans and the technical specifications

You conduct technical studies and help with drawing up the technical proposal and quotation

You monitor budget and planning

You provide support to the project team during the realization.

You manage the tenders, analyze the offers and proceed with orders

You promote energy efficiency in the company.

### | **What do we expect from you?**

You have a M.Sc. in electrical, electro-mechanical engineering or equivalent through experience.

You are a critical, analytical and result-oriented person.

You have developed some of these skills: P&ID, General Layout, Piping Layout, Electrical diagram, Power balance, E&I architecture, etc.

You also have strong interpersonal and good writing skills

You speak French/Dutch and have a good level in English.

You are not afraid to travel between the different sites in Belgium.

### **| What can you expect from TMC?**

TMC is an international high-tech consultancy company that brings expertise to their clients in order to support them with the realization of their technological challenges. As such, TMC is operating as an expert center at the disposition of its clients and we help them to be more competitive in an ever more global and faster changing technological world.

At TMC we believe that people are the driving force behind technological innovation. That is why we want to create the best possible conditions for tech talents to thrive in. We offer you a challenging and stimulating work environment in which you can be the director of your own career.

As an Employeneur you are part of our TMC family. Next to our outstanding technical expertise, fun and engagement are meaningful parts of our culture.

### **| Why choose for Employeneurship?**

We are truly unique thanks to our Employeneurship model which is a true innovation for the High Technology consulting business. It is the business relationship of the 21st century for high skilled technical professionals. It is built around 5 main pillars:

You will have a permanent employment contract, offering you stability and security

You will get to know your market value and have a share in the profit your work generates thanks to the individual profit sharing

We will support you with one-on-one coaching and training designed to help you develop your entrepreneurial skills

The competence cells structure provides you with a strong meaningful and relevant network

The entrepreneurial lab: a playground for new ideas and a potential launching for start-ups

TMC is an equal opportunity employer and values diversity. We do not discriminate on the basis of race, religion, color, national origin, gender, sexual orientation, age, marital status, veteran status, or disability status.
