

## EU Regulatory Lawyer

[Apply Now](#)

Company: Jameson Legal

Location: Brussels

Category: other-general

Our client's Brussels team is looking for an Associate to support its leading Environment & Product Regulatory practice.

Hard-working colleagues with solid EU law expertise are sought. (This is more important than prior experience in environmental or product regulatory areas). All Lawyers are trained, whatever their background. Qualification in Belgium, France, the Netherlands or Germany is a plus.

If selected, you will join a team of Tier 1 Chambers and Legal ranked Lawyers, who advise clients on the most important and interesting legal issues today (including ESG, global environmental regulations, supply chain requirements, chemicals, food and other product regulations) and who are leaders in EU litigation in this area.

The successful candidates will be good team-players, who can also work independently when required. In addition to client projects, Lawyers are expected to actively participate in marketing and business development initiatives.

Candidates will have acquired an EU Law LLM or equivalent. Compensation will be commensurate with their level of experience.
