Experienced Financial Controller

finance, internal, some experience, internal role Belgium share on

Every day, #peopleofdelaware help our customers take their companies to the next level and work to make them future-proof.

With more than colleagues based in Belgium & Luxembourg, delaware can count on a team of highly competent Financial Controllers.

On a day-to-day basis, delaware's Financial Controllers are tasked with **overseeing accounting functions, integrating finance operations, forecasting and budgeting** and so on. They play an important role. You see, based on the team's financial insights and reporting, certain strategic decisions will be made. Never underestimate the power of numbers!

We're looking for an **experienced Financial Controller** who can join us in providing management with all financial support and information needed. Could that be you?

Apply for Experienced Financial Controller!

Thank you for your application.

We will get back in touch with you soon! Have a great day!

read our stories

What will you be doing as a Financial Controller?

As a part of our internal team, you will be working together with your colleagues mainly in **Kortrijk or in Ghent** .

We are a very close bunch who like to bond over lunch, at the coffee machine, or during fun team activities.

As a Financial Controller, you and your colleagues are the go-to-persons for this broad range of things :

Your main focus will be on **project and solution controlling & reporting** tasks such as margin analysis, project risks evaluation, actuals vs budget analysis, sales price analysis, forecasting... but next to that, you will also assist the business with ad hoc requests. Variety is guaranteed!

You'll take **ownership** of a number of dedicated **reports and processes** during **closing** and provide **financial support and information** during **budget rounds** .

You will also be involved in **project accounting** to guide our Project Managers through the different processes: Advice & Quality Check on Project Setup Creation of Purchase Orders Quality Check on Billing Proposal Controlling: follow up Ageing WIP and Outstanding Receivables

You'll act as the **point of contact** for our business when they require financial services. This involves helping them to interpret or analyse KPI reporting, delivering insights, suggesting improvements,...
