

Field Service Technician

[Apply Now](#)

Company: Honeywell

Location: Machelen

Category: computer-and-mathematical

Support the on-site installation, servicing and repair processes of complex equipment and systems. You typically work under direct supervision and may work without supervision. You will follow detailed work instruction and escalate any discrepancies in customer requirements, blue prints, or work instructions. You will identify, escalate, and explore opportunities to improve the installation or repair procedures. You will escalate any administrative difficulties relating to delivery and installation of proper equipment. You will support the training of the customer on proper usage for complex systems

- 1 . Be the face of Honeywell to the customer and interact directly with end-users
- 2 . Learn end-to-end delivery of Honeywell solutions
- 3 . Become a technical expert for complex Honeywell solutions/product offering

QUALIFICATIONS

Proven field service experience

Ability to troubleshoot, test, repair and service technical equipment

English literacy

Ability to work flexible shifts and to adapt to changing work schedules
