Finance Cloud Planning Consultant

SAP, management consulting, some experience, consultant Belgium share on

Are you **dynamic** and highly motivated business professional who thrives in a **fast-paced environment**? Do you like working **transformation projects** with unpredictable outcomes? Then the Delaware Finance and Performance team is the perfect environment for you.

You are **energized** by being at the center of **brainstorming** sessions with management about **finance** and **budgeting planning**. You're quick to understand business challenges and propose **business** and **technological solutions** to help **improve finance processes**.

You're on the ball, you're **flexible**, and you can alleviate the uncertainty our clients face on their business transformation journeys — you're there to guide them in the right direction!

Apply for Finance Cloud Planning Consultant!

Thank you for your application.

We will get back in touch with you soon! Have a great day!

read our stories

What will you be doing?

Your role as a financial cloud planning professional focuses in the **end-to-end processes** of **budgeting, planning and reporting**.

You'll take part in **finance transformation processes** for our clients in a wide range of industries by focusing on transforming the planning and budgeting of finance according to the business needs. This means you will be involved in the process of budgeting, planning, and reporting from **business design** to **tool selection** and accurate **model building** .
