

Finance Generalist Cathie Associates

[Apply Now](#)

Company: DEME Group

Location: Belgium

Category: computer-and-mathematical

Summary

DEME is a global solutions provider in a challenging and rapidly changing world. Our expertise and vast experience has been deployed over the centuries for dredging, environmental and marine engineering business solutions such as: port construction and improving maritime access worldwide. We have been creating land for 150 years and will continue to do so in the future. Therefore we are looking for motivated candidates to reinforce our team.

Cathie Associates, a leading international engineering and consulting company specializing in the offshore and nearshore sectors, is seeking a skilled and adaptable flexible Generalist Finance Profile to join our team in Diegem. This role will play a vital part in assisting with accounting, project controlling, and various ad hoc tasks for all entities within the organization.

Joining Cathie Associates provides a unique opportunity to work in a dynamic and fast-growing company within the offshore energy sector. If you are a motivated and flexible finance professional with a passion for accounting, project controlling, and diverse financial tasks, we encourage you to apply.

Together, we can contribute to the success and growth of our organization.

Our offer

Assist in maintaining accurate financial records for all entities, including data entry, reconciliations, and preparing financial statements.

Process accounts payable and receivable transactions, ensuring timely and accurate payments and collections.

Collaborate with the finance team to ensure compliance with company policies and procedures and local accounting standards.

Assist with quarterly-end and year-end closing activities, including preparing journal entries and supporting schedules.

Collaborate with project teams to monitor and control project budgets, expenses, and financial performance.

Assist in preparing project cost estimates and budgets, and provide regular reports on actual costs and variances.

Participate in project meetings to provide financial insights, identify potential risks, and support decision-making processes.

Assist with project-related invoicing and ensure timely and accurate billing to clients.

Support the finance team in various ad hoc financial analyses, such as financial modeling, forecasting, and profitability assessments.

Contribute to the development and improvement of financial processes and systems, recommending and implementing best practices.

Assist in internal and external audits, providing necessary documentation and information as required.

Collaborate with cross-functional teams to address finance-related inquiries and provide financial support for company-wide initiatives.

Bachelor's degree in Finance, Accounting, or a related field. Additional certifications (e.g., ACCA, CPA) are a plus.

Proven experience in accounting and finance, preferably in a similar role within a multinational or consulting environment.

Strong understanding of accounting principles, financial analysis, and project controlling.

Proficiency in financial software and ERP systems. Experience with Microsoft Dynamics is desirable.

Excellent analytical skills, attention to detail, and ability to work with complex data sets.

Strong organizational and multitasking abilities to handle multiple tasks and meet deadlines.

Ability to work independently and as part of a team, with excellent interpersonal and communication skills.

Fluency in English, good knowledge of Dutch and French.

Full-time job in our office in Diegem;

A challenging and varied job;

A permanent training track which allows you to develop yourself personally and professionally;

A competitive salary in line with your experience.

Geotechnical Engineer

As a Geotechnical Engineer, you will focus on a wide variety of challenges supporting our cable installation business unit on offshore windfarms. Your challenges will extend from multi-disciplinary cable route engineering to cable burial studies and managing complex soil datasets. You will be responsible for sound and expert output to support our project and tender teams or work on one of our many R&D projects.

The engineering department in Breda consists of approximately 30 employees. You will work in an international team of 8 Hydraulic and Geotechnical engineers. As a geotechnical engineer you will support our commercial and project teams by providing, amongst other things, expert advice on cable protection strategies and cable route design. Together with the team, you will help our society transition to a sustainable future.
