Overview

Are you passionate about **Agile Delivery**? For you Agile is more than just a methodology, isn't it?

If your answer to the above questions is YES, then, you are at the right place!

By joining EXPLEO, you would take part of our high-performance team of experienced Agile leaders and act as a Senior Agile Lead providing professional advice, leading and/or co-ordinating an area in Agile Ways of Working.

One day as an Expleo Scrum Master

Lead Business Consulting projects of moderate scope and sometimes complex assignments

Fully understand the capabilities and limitations of technical environments and translate business goals into tangible strategic outcomes

Keep informed on business data and implement solutions for technological and process improvements within the context of overall business processes

Co-ordinate the information gathering and reporting process, reviewing trends and comparing to expectations. Identify relationships and linkages, anticipates issues and identifies root causes and effects.

Identify opportunities for continuous improvement and work across teams to achieve group goals.

Develops a network to support and add value to client engagements including company,

clients and external professional networks

What are our key selection criteria for joining Expleo Scrum Master/Agile Leaders' team?

Bachelor's Degree in Computer Science, Information Systems, or other related field, or equivalent work experience.

Achieved a formal certification as a Scrum Master, Kanban Lead, Lean Six Sigma certification or similar Agile approach.

Achieved Certified Scrum Professional or a similar Agile qualification.

Excellent client-facing skills

Team management skills - Experience in leading multiple teams in agile software delivery approaches, at least 12 to 24 months real experience

Owning an innovative approach - a bold thinker and doer, working to visionary but attainable goals, taking courageous decisions and implementing them successfully

Application of Continuous Improvement & learning to their own work

English fluency and French/Dutch knowledge

What's in it for you

Collaborative working environment – we stand shoulder to shoulder with our clients and our peers through good times and challenges

We empower all passionate technology loving professionals by allowing them to expand their skills and take part in inspiring projects

Expleo Academy - enables you to acquire and develop the right skills by delivering a suite of accredited training courses

Always working as one team, our people are not afraid to think big and challenge the status quo

20 + 12 (40hours week) days of vacation per year

A mobility budget that can use towards your mobility or rent/mortgage

A flexible homeworking policy
