

Group Senior Internal Auditor

[Apply Now](#)

Company: BESIX

Location: Belgium

Category: office-and-administrative-support

Job Description

Are you currently working as External Auditor / Internal Auditor and enjoying the variety and diversity of clients? You are thinking about the next step in your career? You would like to see things from the inside since the external audit only gives you a partial view of the business, always spending more time in documentation instead of content. You would like to live the diversity of cultures and projects through international travels.

This position of **Group Senior Internal Auditor at BESIX Group** is maybe the answer.

The Internal Audit function is directly reporting to the Global Head of Internal Audit and directly in contact with our senior management.

The scope covers the **whole Group** having activities in Belgium and internationally (large part in Middle-East). The annual audit plan covers entities, projects, processes, financial matters (so not only operational processes). The missions abroad are about 30%.

Join a small dynamic team where you'll work directly with the head of the department.

High **visibility function** interacting with a large variety of stakeholders within the organization providing a broad understanding of the company.

Qualifications

You have a master degree in finance or economics, engineering or other relevant field;

Pragmatic and Results-oriented with strong assertiveness and analytical skills;

Minimum of 5 years experience including external or internal audit (focused on industry/commercial is an advantage);

Good knowledge in financial analysis and/or project management expertise;

Good basis on standard internal controls and good accounting level knowledge;

CIA, CISA certification or equivalent is a plus;

You are Fluent in Dutch **or** French and you have a very good level in English (audit are fully performed in English -spoken and written);

Strong interpersonal and communicational skills are necessary to achieve pragmatic solutions;

A strong team player profile is key in the context of the limited team size;

You are used to working with MS Office;

You are willing and flexible to travel abroad up to 30% of your time;
