Hybrid Network Engineer

Microsoft, cloud & infrastructure, some experience, consultant Belgium share on

When you hear the word **networking**, you immediately start thinking about routers, firewalls and switches. But as we're working more and more in the cloud, you'll be expanding your Azure knowledge as well. Your **eagerness to learn** knows no bounds and will come in handy in your journey as a **Hybrid Network Engineer** .

Flexible? That's your middle name! You're fine with working outside of business hours or coming to a customer's aid when an issue arises. It doesn't matter to you where you work, as long as you get the job done.

Apply for Hybrid Network Engineer!

Thank you for your application.

We will get back in touch with you soon! Have a great day!

read our stories

Who are we?

We are the **Connect & Secure team**, as an SAP Partner Center of Expertise (PCOE) and Microsoft Azure Managed Service Provider (MSP), we have mixed competences of SAP Technical Consultants (SAP Basis) , Technical Infrastructure Consultants and Service

Delivery Managers. We **design, build, implement and support the business critical infrastructure** needed to run our clients' core applications. In doing this we have a **cloud first focus** where Azure IaaS is our most important platform for bringing solutions to the market.

Just so you know: delaware has its offices in **Antwerp, Ghent, Kortrijk, Lummen, Liège, Wavre and Luxemburg,** but we also spend a lot of time working together with our **customers on-site** our working **from home** .
