

Immersion Specialist for the Fehmarnbelt tunnel project

[Apply Now](#)

Company: DEME

Location: Belgium

Category: other-general

As an immersion specialist, you will participate in the team responsible for floating the concrete tunnel elements, equipping them in the port and then transporting and installing them at sea. In a first phase you will participate in the preparation of this crucial operation. In a second phase, you will be part of the operational team that removes the immersion work. This is what you are prepared to do in Denmark.

During the preparatory phase, you are responsible for the development of operation manuals, drawings, test & inspection plans and contingency procedures for the Transport & Immersion overall scope, which extends from float-up of the tunnel elements to post-immersion works

You take the lead in the interface management with other departments within FLC regarding specific parts of the T&I scope

You are involved in the development of the Immersion Pontoon Control Systems and Tunnel Control Systems

You are involved in the development of work method statements, drawings and operation manuals for the Immersion Pontoon specific operations related to the overall transport and immersion scope

You liaise with the Marine Warranty Surveyor and develop work procedures, Go/No Go procedures

During the execution phase, you operationally manage the transport and installation of the elements

You are a qualified civil or industrial engineer with minimum of 10 years experience

You have prior experience with immersion of large structures or offshore lifting operations

You are a hands-on problem solver, not afraid of taking decisions

You are a team player with strong communication skills

You find it a challenge to work in a very international, multi-cultural work-environment in which communication and team spirit is key to success

You are fluent in English

An extensive mobility program for a healthy work-life balance

a permanent training track which allows you to develop yourself personally and professionally

a stimulating, innovative workplace with numerous growth opportunities

a people-oriented environment with an interactive health program and a focus on employee wellbeing
