

INDUSTRIAL APPLICATION ENGINEER (GHENT)

[Apply Now](#)

Company: TMC

Location: Belgium

Category: computer-and-mathematical

You will be part of an application and project team within the Finishing Automation Group (FIN). This team develops and maintains fully in-house software for the various industrial production departments. This team also carries out projects.

You will initially be deployed in changes and projects on the process computer platform within the hot rolling mill.

You will independently take on tasks and carry them out in close consultation with the team.

The technology used is C# .NET using WPF/Angular for client development.

| **What do we expect from you?**

Master's degree or equivalent through experience

Minimum 3 years of experience in IT

Good knowledge of OO programming

Good C#.NET knowledge

Experience with WPF, SQL Server and Angular

Experience with developing software within an industrial environment

Knows how to find a balance between business and technology

Communicative, can work well in a team

Meticulous in implementing, commenting and testing the software

Fluent in English and a good knowledge of Dutch (or the willingness to learn it in the short term)

| What can you expect from TMC?

TMC is an international high-tech consultancy company that brings expertise to its clients in order to support them with the realization of their technological challenges. As such, TMC operates as an expert center at the disposition of its clients, and we help them to be more competitive in an ever more global and faster-changing technological world.

At TMC we believe that people are the driving force behind technological innovation. That is why we want to create the best possible conditions for tech talents to thrive in. We offer you a challenging and stimulating work environment in which you can be the director of your own career.

As an Employeneur you are part of our TMC family. Next to our outstanding technical expertise, fun and engagement are meaningful parts of our culture.

| Why choose for Employeneurship?

We are truly unique thanks to our Employeneurship model which is a true innovation for the High Technology consulting business. It is the business relationship of the 21st century for highly skilled technical professionals. It is built around 5 main pillars:

You will have a permanent employment contract, offering you stability and security

You will get to know your market value and have a share in the profit your work generates thanks to the individual profit sharing

We will support you with one-on-one coaching and training designed to help you develop your entrepreneurial skills

The competence cells structure provides you with a strong meaningful and relevant network

The entrepreneurial lab: a playground for new ideas and a potential launching for start-ups

TMC is an equal opportunity employer and values diversity. We do not discriminate on the basis of race, religion, color, national origin, gender, sexual orientation, age, marital status, veteran status, or disability status.
