Instrument Repair Centre Technician

Role Location - Vilvoorde, Belgium

Here at Hologic it is our purpose to enable healthier lives everywhere, every day.

We are driven by our passion to become the global champion for women's health.

We achieve this by fulfilling our promise to bring The Science of Sure to life.

We are looking for a skilled Instrument Repair Technician to join our Instrument Repair Centre team in Belgium.

We're looking for people who have engineering experience ideally from within a medical device background who love troubleshooting and problem solving, are driven to exceed customer expectations and have passion for quality.

In this role you will be responsible for Instrument Repair and Instrument Reconditioning process. You will be calibrating tools for our field service teams, completing repair or recondition of complete units; performing acceptance tests, analyzing work orders, investigating complaints and maintaining documentation.

KEY RESPONSIBILITIES

Provide equipment evaluation, testing and repairs on a variety of Hologic products

Repair or replace modular level equipment including, electronic components, part assemblies and other related equipment

Troubleshoot and repair non-functional customer owned, Hologic owned Instruments and demo products to the sub-assembly levels

In-house reconditioning of returned instrumentation as defined by process, quality requirements and release testing

Test faulty equipment and apply technical knowledge to diagnose the cause of system malfunctions

Record and report failure data and ensure accurate and timely documentation of repair activities

Adhere to all procedural and quality processes to ensure highest quality standards

KNOWLEDGE, SKILLS & EXPERIENCE

Ability to troubleshoot and repair electrical, electronic and mechanical systems

Knowledge of electronics, software, networks, digital or analogue circuitry

Proficient use of Microsoft products (Word, Excel, Outlook)

Excellent interpersonal and communication skills

Good level of English. Knowledge of French and Dutch would be advantageous.

Previous GMP, ISO, workshop or field engineer experience highly desirable

So why join Hologic?

We are committed to making Hologic the company where top talent comes to grow. For you to succeed, we want to enable you with the tools and knowledge required and so we provide comprehensive training as well as continued development and training throughout your career.

We offer a competitive salary and annual bonus which our talent partner can discuss with you.
