Company: Mars

Location: Belgium

Category: other-general

Job Description

Location: Brussels (Belgium) **Contract Type:** Permanent/ CD **Our Company:** Mars

Science & Diagnostics is a division of Mars Petcare, a diverse business dedicated to one purpose: A Better World for Pets™. Science & Diagnostics brings together the power of leading pet health science with expertise across diagnostics, data, and technology to change outcomes in pet health. Our veterinary diagnostics businesses including Antech, Heska and scil span point-of-care diagnostic laboratory instruments and consumables including rapid assay diagnostic products and digital cytology services; local and cloud-based data services; practice information management software and related software and support, reference laboratories, veterinary imaging and technology, education and telemedicine with board-certified specialist support services. Our at-home diagnostics offering includes Whistle with smart devices to monitor pet health and Wisdom Panel, the world's most accurate pet DNA test. For 60 years our Waltham Petcare Science Institute has been advancing science to better understand pet health. As part of our business development, we are creating a new position in our accounting & finance department. Varied, challenging tasks in an international working environment: support for accounting integration of new business units, US GAAP & local GAAP, daily operations etc. **What are we looking for?** Business studies with a focus on accounting, possibly CPA or training as an accountant with additional qualification as an international accountant

Several years of professional experience in accounting with an international focus

Experience in an auditing company is an advantage

Sound knowledge in the areas of bookkeeping, accounting, and tax law

Experience in the preparation of balance sheets in accordance with local- and US-GAAP

Experience in working with ERP/reporting systems.

Very good written and spoken French and English

Structured and independent way of working

Good MS Office skills, especially good Excel skills

Ability to work in a team and strong communication skills

High level of self-initiative

What will be your key responsibilities?

Preparation of monthly, quarterly, and annual financial statements for various companies in accordance with local GAAP and US GAAP

Determination and documentation of provisions and accruals

Determination and documentation of balance sheet accounts, receivables, and liabilities

Booking and maintenance of fixed assets, loans, and leasing contracts

Reconciliation, analysis, and evaluation of balance sheet accounts as part of account reconciliations

Reporting the results for the period to the parent company

Performing, analyzing and documenting closing entries in accordance with internal controls guidelines

Integration of new companies into the existing closing processes

Participation in cross-departmental optimization projects

What can you expect from Mars?

At Mars, we believe in a relationship of mutual trust, dignity and respect between our company and Associates that is more meaningful than the standard employer/employee

relationship.

As Associates, we can expect to be respected, supported and valued as individuals, to be treated fairly and equitably.

An interesting, varied and pet-friendly field of activity

A pleasant, motivating, and dynamic working environment

#LI-CA1#LI-HybridMars is an equal opportunity employer and all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability status, protected veteran status, or any other characteristic protected by law. If you need assistance or an accommodation during the application process because of a disability, it is available upon request. The company is pleased to provide such assistance, and no applicant will be penalized as a result of such a request.
