Company: EY

Location: Belgium

Category: computer-and-mathematical

EY is a global leader in assurance, tax, transaction and advisory services. The insights and quality services we deliver help build trust and confidence in the capital markets and in economies the world over. We develop outstanding leaders who team to deliver on our promises to all of our stakeholders. In so doing, we play a critical role in building a better working world for our people, for our clients and for our communities.

With this breadth of service offerings you have the opportunity to develop your career through a variety of experiences, mentoring and formal learning to ensure our employee value proposition – Whenever you join, however long you stay, the exceptional EY experience lasts a lifetime – is a reality.

Job scope

Assurance professionals play a vital role in the economy by providing companies, investors and regulators with expert, independent advice about the validity of financial statements and other critical information or processes. We are looking for talented, capable junior professionals to join our Assurance team and get involved in fieldwork on a daily basis, participating to various audit engagements for our clients in the financial sector (banking, insurance, asset management).

Your main tasks and responsibilities

As an EY Audit intern you will mainly contribute to the final audit phase, which is focused on the audit of accounting and financial reporting information. You will analyze financial statements using our audit methodology and the information gained during the interim audit

phase. You will collect information in order to make an informed decision about the validity of financial statement accounts, such as accounts receivable, cash & banks, fixed assets, revenue, expenditures, etc.

Who are we looking for?

We recruit and develop interns with intellectual curiosity, strong analytical skills and creativity, and attention to detail that allow us to look beyond the numbers and help our clients to address complex problems. More concretely, we are looking for the following profiles:

You are a last year master student in (Applied) Economics, Business Engineering or Commercial Sciences.

You are available to start in January or February 2024 and your university can provide an internship convention.

You are fluent in Dutch or French and have an excellent written and spoken knowledge of English.

You are a born team player, critical, curious and results-oriented.

What's in it for you?

You will join a young, dynamic team, genuinely passionate about its work, within a leading global professional services firm.

We will support you to “learn on the job” from more experienced professionals in our team, who take on a coaching and mentoring role.

The possibility to stay at EY (permanent contract) after a positive evaluation.

We are proud of our flexible working arrangements, and we will support you to build a successful career and deliver excellent client service, without sacrificing your personal priorities. While our client-facing profession might require regular travel, and at times working at client sites, we are committed to help you achieve a lifestyle balance.

At EY we are passionate about the inclusion and support of individuals of all groups; we do not discriminate on the basis of race, religion, gender, sexual orientation, or disability status.

About EY Financial Services
