

## INTERNSHIP - Create a history page for the nurse station on AQURA Essentials

[Apply Now](#)

Company: Televic

Location: Izegem

Category: healthcare-practitioners-and-technical

Domain Engineer – Software Market Healthcare Location

Izegem, Belgium

### Televic Healthcare

Our state-of-the-art systems are adapted to the ever higher demands of an evolving market, and have been implemented in newly built and refurbished healthcare institutions across the world.

### Topic

Within this internship you will create a history application on the nurse station (android app). Specifications are:

- \* show the history on the nurse station (extra menu)
- \* show the history on a stand-alone webpage, accessible for computers on the network (URL on the ward controller, webserver)
- \* Add support for export function
- \* the history remains after a power or network failure

This internship will improve your programming skills in an industrial context.

### Specifics

Level: Bachelor

Specialty: Embedded Software

Type of work: Research: 0%, Implem.: 100%, Experim.: 0%

Location: Televic, University

Type of activities: Programming

Number of students: 1
