

## internship engineer

Apply Now

Company: Exxon Mobil Corporation

Location: Antwerp

Category: computer-and-mathematical

At ExxonMobil, our vision is to lead in energy innovations that advance modern living and a net-zero future. As one of the world's largest publicly traded energy and chemical companies, we are powered by a unique and diverse workforce fueled by the pride in what we do and what we stand for. The success of our Upstream, Product Solutions and Low Carbon Solutions businesses is the result of the talent, curiosity and drive of our people. They bring solutions every day to optimize our strategy in energy, chemicals, lubricants and lower-emissions technologies. We invite you to bring your ideas to ExxonMobil to help create sustainable solutions that improve quality of life and meet society's evolving needs. Learn more about our What and our Why and how we can work together. Antwerp Area The Antwerp Refinery, which is integrated with the Performance Intermediates Plant, is situated in the port area. With ongoing large and small investments, ExxonMobil ensures that the installations on the ...
