

Internship Functional Analyst (BE)

Apply Now

Company: Itineris

Location: Belgium

Category: computer-and-mathematical

Ghent, Sint-Denijs-Westrem

There's a saying at Itineris: Together goes a long way. And we live by that. Whether your job is translating our customers' needs into the best software, selling, coding, or keeping our business running smoothly, we're united by the same mission: growing our company and delivering innovative software that empowers energy and water utilities to engage better with their customers.

Period

From October 2023 till December 2023 or from March 2024 till May 2024

Internship description

During your internship, you will receive guidance **to become a Functional Analyst**. You will learn how to create your first functional design and how to work in a fast-evolving and international environment. At the end of the Internship, you will have **a solid base to work in an IT consultancy firm** like Itineris.

We have open positions in product teams, project teams and service delivery teams, either for the Regulated (= Water) or for the Deregulated (= Electricity & Gas) market.

The positions will be based in **Ghent**, Sint-Denijs-Westrem (buses 76, 77 and 78 coming from Gent-Sint-Pieters stop right in front of the building).

As our Intern, you will...

Analyze the business processes of the client.

Identify the needs of the client.

Evaluate the functional feasibility of the requested functionalities.

Make a functional design.

Execute functional analyses with ERP (UMAX).

Based on the analysis, give input to developers and testers.

Be involved with current IT consultancy projects.

Formulate and document conclusions.

Test designed functionalities of your coworkers.

Support the Project Manager and functional consultants.

UMAX is the brand name of our software solution for water and energy utilities. It automates their business processes and enables them to better engage with their customers. UMAX is a cloud-based solution, built on the powerful Microsoft Dynamics 365 platform.

What you bring

A Master student, for example in Commercial Sciences (Handelwetenschappen) with major Management and IT, or other.

Excellent oral and written communications skills in Dutch and English.

A dynamic team player, eager to gain valuable experience in a fast-changing technological environment.

What we offer

A warm welcome! Enthusiastic colleagues will help you integrate and quickly feel at ease with us.

All the support you need of your Mentor and previous Trainees to help you make your internship a success.

The possibility of a permanent contract after your internship, which include: Long term career development and personal growth. The possibility to work regularly abroad (EU or US).

An attractive & competitive salary with fringe benefits, including a company car. Spacious,

modern headquarters in St-Denijs-Westrem, a stone's throw away from the highway. Hybrid working (flexible home office policy). And... a lot of 'fun' moments!
