

Internship Technology Risk Consulting (sector focus: Financial Services)

[Apply Now](#)

Company: EY

Location: Belgium

Category: other-general

Our EY Technology risk team is looking for an ambitious student (Master or PhD students in applied economics, commercial engineering, computer science, finance, accountancy or commercial sciences) who is passionate about understanding the process of technology to join us for an internship. As an intern, you will get to work with a knowledgeable and experienced team on various interesting topics, and get a first-hand look at what it is like to be in our close-knit team.

With the increase of technology transformations in financial services, it has become clear to our EY Technology Risk team that growth in technology goes hand in hand with various types of associated risks. With this in mind, our team aims to understand how to best leverage technology to optimize operations.

About the internship opportunity

An internship within our Technology Risk team will allow you to better understand how we are helping our clients, help us obtain further insights into the market, and will allow you to take ownership of a given end-to-end use case. It can take on many forms depending on your curricular needs and/or your available time.

Next to working with our experienced team on a daily basis, typical activities that you may expect to work on can be found below:

Market research on specific topics and how they may impact our clients

Assist our client facing team in the delivery of client proposals as well as projects

Support us with improving our internal initiatives and processes

Most importantly you will work with the team towards a goal, for you to feel the achievements together with the team at the end of your internship experience.

Who are we looking for?

You are on-track for a master degree in (Applied) Economics, Commercial Engineering, Computer Science, Finance, Accountancy or Commercial Sciences

Ability to perform effective research and convey complex topics in a clear, understandable manner

Interest and affinity in IT governance, risk and compliance

Fluency in Dutch and/or French, with proficient level of business English

An analytical mind and an eye for detail, with accurate documentation capabilities

Strong team spirit, balanced by a healthy sense of autonomy

Eager to learn more about the Financial Services market in Belgium and beyond

What's in it for you?

You will join a team of passionate experts a temporary basis who help deploy best practice for information technology risk, within a leading, global professional services firm.

You will join a growing Technology Risk practice, moved with an entrepreneurial spirit in an agile way

You will be coached daily by one of our experienced professionals

You will receive guidance, both on technical matters and soft skills and project management, and access to state of the art technologies.

At EY we are passionate about the inclusion and support of individuals of all groups; we do not discriminate on the basis of race, religion, gender, sexual orientation, or disability status.

About EY
