

## IT Auditor

[Apply Now](#)

Company: BNP Paribas Real Estate

Location: Brussels

Category: office-and-administrative-support

### Your future job

Within IG Hub Brussels& Factor, the Information Technology (IT) audit team is in charge, often in cooperation with business audit, of evaluating the effectiveness of the governance, risk management and control processes, and recommends solutions for optimising them.

You can create an added value by

Analysing the IT organization, its processes and systems, assessing the related risks, and evaluating the internal controls;

Formulating audit findings, recommendations and conclusions that support IT and the businesses in the achievement of their mission;

Providing Senior and Information Technology management with “assurance” on the quality of internal control;

Cooperating on projects to help shape the IG function for the future.

### Highlight your strengths

You can be an enthusiastic colleague and are curious by nature, with proven analysis and synthesis capabilities.

You hold a Master’s degree in IT or as a civil engineer, and you have at least 4 to 5 years experience in the field of Information Technology, with specialized knowledge in either:

(secure) Agile development practices.

Data management (data flows, data architecture, big data, artificial intelligence, ...).

Additional skills in Cybersecurity, eg. Cryptography, Cloud Security, Ethical Hacking are an important asset.

You have effective communication skills with a very good knowledge of English, French and Dutch;

And last but not least, you are keen to be part of a team of combined IT and business audit professionals.
