Company: Asco

Location: Zaventem

Category: computer-and-mathematical

ASCO, part of Swiss group Montana Aerospace, began operations as a private subcontractor in 1954.

Today ASCO Group is engaged in a broad range of development, engineering, manufacturing and assembly activities providing multidisciplinary subcontracting services to various markets and aerospace programs around the world.

Asco operates from several locations, Belgium, Canada, Germany and USA, with a turnover exceeding 200 million euros.

Asco produces over 2,500 assemblies every month and has the ambition to be a world leader in design and manufacture of high lift devices, complex mechanical assemblies and major functional components for the aerospace industry.

Montana Aerospace AG is a highly-vertically integrated manufacturer and supplier of system components and complex assemblies for the aerospace, e-mobility and energy sectors with worldwide engineering and manufacturing operations announced the signing of the acquisition of 100% of shares of the Asco Group on the 7th of September 2021.
