[Apply Now](#)

Company: SCHLAGHECK + RADTKE Executive Consultants

Location: Kelmis

Category: computer-and-mathematical

Our client is seeking an IT Project Management Methods Coach to build up and lead the global IT Project Management Team. The IT Project Management Coach is the most senior person in the organization of our client. The position will be based in the Ruhr Area, Germany.

This position will be responsible to have the right strategy, policies, processes and practices defined to the needs of the business. We search for someone who will support and manage the Global IT Project Management while supporting the business in this matter.

### THE TASKS

Development of IT governance process frameworks and systems with a focus on project governance as well as the development of our client's project management methodology framework for multi and single project management

Develop and manage the certification process for project managers within our clients

Assist in the assessment of agile readiness within IT development teams and assist in the set up and transition into the use of new methodologies

Confirm adherence to minimum project governance tool sets

Act as methods coach on strategic projects

Becomes familiar with core strategic project methods and tools used for planning & tracking and reporting and to prepare for similar trainings in the business

## **YOUR PROFILE**

University Degree in Informatics, Business Informatics, Business Administration or a similar qualification

Expert knowledge of project management methodologies, tools and governance, change management, planning and schedule development

Experience in an international working environment

Experience in Project and Program Management in both waterfall and agile (Project Management accreditation is a bonus)

Your personal skills include analytical thinking, service orientation, excellent communication and intercultural awareness

Fluent in English and at least one further European language

## **THE OFFER**

Top company, first-class working conditions

Very good compensation

Flexible working hours / family-friendly environment

Home-Office
