

Job in Germany: Mulesoft Integration Developer(m/w/d)

[Apply Now](#)

Company: BIRKENSTOCK GROUP B.V. & CO. KG

Location: Antwerp

Category: computer-and-mathematical

Datenbanken, SOAP, REST, Unit Testing, IT,SQL

BIRKENSTOCK is a global brand which embraces all consumers regardless of geography, gender, age and income. The company is deeply rooted on a family tradition of shoemaking that can be traced back to 1774. With around 6200 employees worldwide, BIRKENSTOCK is the largest employer in the German footwear industry. To ensure our quality standards, we produce over 95% of our products in Germany and source more than 90% of our materials and components from Europe. The BIRKENSTOCK Group is headquartered in Linz am Rhein and maintains several locations in Germany, as well as sales offices in Europe, North America, the Middle East and Asia.

For our division IT, at our location in Köln we are looking for a

Mulesoft Integration Developer (m/w/d)

YOUR SHOES TO FILL:

You will work closely with teammates, users, customers, and integration architects to develop and improve stable and sustainable integration solutions based on MuleSoft.

The maintenance of interfaces, including the analysis of malfunctions, root cause analysis and troubleshooting, is also part of your area of responsibility - whether alone or in cooperation with software providers.

You will ensure the documentation of new and changed interfaces, always considering

our departmental standards and best practices.

Collaboration with international external partners is an exciting part of your job.

You design and specify development orders, implement requirements, and manage project-related tasks.

As part of a dynamic development team, you will contribute to the implementation of company-wide projects.

You will carry out unit tests and integration tests to ensure that your solutions meet the highest quality standards.

YOUR WALK OF LIFE:

Successfully completed degree in IT or equivalent education.

Minimum of three years of professional experience in IT, ideally with at least one year as a MuleSoft Developer. MuleSoft Certified Developer certification is advantageous.

Understanding of development methodologies and integration technologies (REST, SOAP), knowledge of SQL databases is a plus.

Excellent proficiency in both spoken and written German and English.

Solution-oriented and analytical thinking, proactive approach.

Strong communication skills, teamwork, and excellent customer handling.

Team-oriented, analytical, and structured work approach.

High customer and service orientation.

Methodological competence in project management.

Planning and problem-solving skills.

Planungs- und Problemlösungskompetenz.

WE OFFER:

BIRKENSTOCK offers you all the advantages of a successful, fast growing, global company:

dynamic work environment, considerable design freedom, authentic and open corporate culture and excellent development opportunities.

Sounds exciting? It is. We are looking forward to receiving your online application, stating your salary expectations! If you have any further questions, please contact Ankita Arora
