

**Join our IT Talent Pool for Project, Program, Portfolio, Scrum Master**

[Apply Now](#)

Company: Euroclear

Location: Belgium

Category: computer-and-mathematical

## **Who are we?**

Embark on your new adventure at Euroclear, and work at the heart of the global capital markets. We connect over 2,000 financial institutions across the globe. As an open and resilient infrastructure, we contribute to the stability of the financial markets. We help clients cut through complexity, lower costs, and mitigate risks of financial transactions. At Euroclear, we have a clear ambition to use our key role to facilitate and accelerate a balanced financial system. You will work closely with inspiring, encouraging and engaged colleagues from more than 80 different countries. Develop your talents while interacting with people at all levels across the organisation.

## **Lead the way in IT Transformation journey.**

As a member of our IT organisation, you will have the opportunity to work on exciting and inspiring projects on a range of technologies, data, cybersecurity, DLT, ... with a critical impact on the global financial ecosystem. You will work directly with key market players and multidisciplinary teams, in a cross locations collaboration model.

Our IT organisation champions evolution, empowerment, and internal mobility. Evolve personally, expertly and beyond thanks to our IT Learning Academy. Join us, lead us or support us in our transformation journey and implement an agile way of working.

Make your project a success while interacting with a wide variety of stakeholders such as Product Management, Operations, Commercial, Designers, Programmers, Business analysts, Architects, IT security, Procurement, Legal, Clients, ...

## **Qualifications**

Must Haves for all new joiners of the IT organisation:

You

Are a team player and can work in an autonomous way

Are interested in working in the financial industry, and in understanding the business

Are solution driven and achieve your objectives in a collaborative way

Share knowledge with others naturally and continuously learning is part of your DNA

You are flexible and willing to work in a VUCA environment. For you, change is the norm

You take ownership for your work

Your skills / qualifications as project, programme, portfolio, epic manager/enabler :

You have a master degree level, some years of experience in managing complex IT projects and have occupied previously at least one of the following roles: Program Manager, Portfolio Manager, Project Leader/Manager, Epic Enabler/Owner or Delivery Owner and wish to evolve further in this setting

You have a shown experience working in Agile (Agile practice). Agile certification is an asset and willingness to certify, if not already, a must

You have strong communication skills and are fluent in English. You can easily interact at various levels in the company and with diverse stakeholders both within IT and Business

You act as a facilitator and encourage collaboration

You are result oriented

You are curious and eager to learn with a particular interest in broadening your content understanding of the business

You act as a Servant leader creating culture of openness, empowerment and collaboration focused on company objectives

We strive to be a sustainable place to work, with respect for each other, a place where you can be yourself. Each year Euroclear heavily invests in ESG initiatives, inclusion projects, health & safety programmes, personal growth and professional development,... Find your

own optimal balance within our hybrid working model, where you connect at the office and are able to focus remotely.
