

Lead Engineers

[Apply Now](#)

Company: DEME Group

Location: Belgium

Category: computer-and-mathematical

Summary

As a Lead Engineer you will play a key role in the preparation and execution of our offshore projects. You will collaborate with employees of different nationalities and disciplines and you will be located at our HQ. We are currently looking for an experienced Lead Engineer who can manage (large) offshore cable installation projects, having both a strong engineering but also installation background. Together we work on DEME's vision of creating a sustainable future.

Geotechnical Engineer

As a Geotechnical Engineer, you will focus on a wide variety of challenges supporting our cable installation business unit on offshore windfarms. Your challenges will extend from multi-disciplinary cable route engineering to cable burial studies and managing complex soil datasets. You will be responsible for sound and expert output to support our project and tender teams or work on one of our many R&D projects.

The engineering department in Breda consists of approximately 30 employees. You will work in an international team of 8 Hydraulic and Geotechnical engineers. As a geotechnical engineer you will support our commercial and project teams by providing, amongst other things, expert advice on cable protection strategies and cable route design. Together with the team, you will help our society transition to a sustainable future.

Contract Manager

Als ervaren contractmanager binnen TM ROCO maak je deel uit van de dienst Contractmanagement. Zo sta je in, in overleg en in samenwerking met het contractmanagement team, voor het opvolgen van het naleven van alle contractuele aspecten rondom het project. Werken als contractmanager bij TM ROCO kenmerkt zich door de diversiteit aan (deel)projecten, mensen, vraagstukken en problematiek. Je bent adviseur, onderhandelaar, beslisser en probleemoplosser in één. Dit vereist een optimale communicatie met de verscheidene diensten en teams binnen de organisatie van TM ROCO, evenals een correcte communicatie naar onderaannemers en de klant toe.
