## Logistics Management Consultant

management consulting, supply chain & operations, lot of experience, consultant Belgium share on

You're a **dynamic** and motivated business professional with a passion for warehousing, inventory and transportation processes. You're a **team player** who likes taking up an active role in **improvement projects**. You thrive in both small and **project teams**.

You are **energized** by interactive workshops with C-level executives, middle management and operators. You're quick to understand business **challenges** and propose **strategic** (and technological) **solutions** to help improve warehousing, inventory and transportation processes.

You're flexible and can handle the uncertainty our customers face in their **business transformation journeys** - you're there to guide them into the right direction!

**Apply for Logistics Management Consultant!**

**Thank you for your application.**

**We will get back in touch with you soon! Have a great day!**

read our stories

**Who are we?**

At delaware, we have a dedicated **Management Consulting** team that helps companies to **transform beyond technology** . We operate across industries and tackle the needs and challenges of different stakeholders, helping them to transform their function, their team, their strategy and ultimately, their business model. We leverage our **expertise** to improve business **performance** and grow world-class capabilities.

As a management consultant specialized in **warehousing, inventory and/or transportation** , you will be joining our Logistics management team. You will advise our customers and help them to **automate** their warehouse, execute **performance scans** and define **gaps and opportunities** in terms of processes, organization & systems to get to a roadmap for implementation. This is a **growing practice** within delaware, with lots of **opportunities** for you to shine in projects!

Just so you know: delaware has its offices in Antwerp, Ghent, Kortrijk, Lummen, Liège and Wavre, but we also spend a lot of time working together with our customers on-site.
