Company: SGS Group Belgium

Location: Wavre

Category: other-general

SGS is the world's leading inspection, verification, testing and certification company. We're also the benchmark worldwide for quality and integrity. And that makes us very proud. This can only happen thanks to almost 100 000 colleagues worldwide, with more than 1750 employees in Belgium only. Our employees give 110% of themselves every day, divided over all expertises, branches and cultures. Our coworkers build their own way inside the company, the services and the expertise. To strengthen our sales and business development organization for our laboratory in Wavre, we are currently looking for a Business Development Manager, Health Science QC / Bioanalysis Prospect new customers and develop new opportunities with existing clients in GMP QC and GLP Bioanalysis. Lead important new/strategic projects and act as the “reference person”. Establish, monitor and coordinate timely action plans, taking into consideration positive and negative deviations from target. Represent the SGS Health ...
