

Marine Engineer

[Apply Now](#)

Company: Morgan Philips Group SA

Location: Nivelles

Category: computer-and-mathematical

A company specializing in naval architecture and marine engineering, both civil and military, is looking to a Marine Engineer to join it's team responsible for the construction of professional vessels for the Belgian Navy.

Main mission :

Drawing up detailed plans and installation plans for specific equipment, based on the definition file for the prototype and flagship product, in preparation for the production phase.

Drawing up parts and equipment.

Work on the design of a specific vessel, based on the prototype definition file, but with a different propulsion system.

Follow-up of on-site constructions and update of definition files.

Monitoring of the Quality File of the series construction.

Support other company teams on related projects.

Ideal Profile :

Degree in engineering.

You are familiar with drawing softwares : Autocad, Rhino. 2D and 3D naval design are an advantage.

You speak French or Dutch, and you are fluent in English.

Interested ?

Send us your application we will treat it with the utmost confidentiality.
